

OUR DICK'S HOT WORK.

It Smothers the Favorite of Orange County.

Our Dick made a great race in Santa Ana Orange county Cal. last week.

The Express says:

This was the day of all days at Agricultural Park. By 2 o'clock fully 6000 people were present. At an early hour this morning ladies and gentlemen wearing yellow ribbons with the word "Silkwood" printed thereon could be seen upon the principal streets, carrying their heads erect and a we-are-the-people smile playing about their mouths. It was soon learned that the wearers of the ribbons were residents of Orange county, and they were here to cheer their great pacer on to victory. At 10 o'clock a special from Santa Ana, bearing bankers, deacons, business men and others pulled in at the Santa Fe depot. They were all loaded down with Silkwood money, and offered all kinds of odds on their favorite. Bets of \$50 even were made that Silkwood would win the great pacing race in the first three heats. The boomers of the nag were so confident that they even neglected to save enough money to return home upon. At the park great trouble was experienced in keeping back the crowd of admirers from Silkwood's quarters. Old and young ladies would crowd up to the door and toss in a bouquet to the beauty.

Dick however made the race without any flowers and the backers of Dick only had to invest \$30 to win about \$300. He won the first third and fifth heats, best time 2:10.

The purse was \$1,500. Silkwood was taken off the track dead on his feet and laid out for the season. The Carson horse almost broke Orange county.

Open Letter to George Meyers.

CARSON, Oct. 13, 1892.

Mr. George Meyers; DEAR SIR:—I understand that you recently said publicly that a mechanic ought not to get more than \$1.50 a day, and that the grindstone was the place for a laboring man's nose. As you are a candidate for the Legislature, I deem it proper to ask if you are misquoted in these utterances.

Yours truly,
A MECHANIC.

STEWART WARNED UP.

He Set a Lively Pace at Reno.

The Reno Opera House was crowded to hear Stewart on Wednesday evening.

He warmed up to reply to the attack made on him by Bartine, and for about an hour gave the Renoites the best speech he has made in the campaign.

He got down to his old time grit and gave Bartine such a warning as he never got before. The immense audience cheered his telling points and when he had finished all conceded that he never made a more effective speech in his life.

A few weeks ago the Republican bolters hinted that Stewart was an old man losing his grip and was failing mentally and bodily.

Those who saw the old gladiator in the ring at Reno, realized that he was the same hard hitter and rusher as of old and that anybody who tackled him with the idea that his age has begun to tell, will wake up next morning with a complete change of mind.

Trial of Walter Barth.

Walter Barth was tried in the District Court yesterday charged with stealing a horse from Wm. Anderson, at Lake View on Sept. 19th.

The animal found in his possession by Patterson and Raycraft was identified by Anderson.

Defendant made no resistance when arrested except to move his right hand toward his hip pocket. No arms were found on him when searched.

His defense was that he purchased the animal of John Hess between 4 and 5 o'clock in the morning, at a school house between Gardnerville and the Twelve Mile house.

He had the bill of sale concealed in the false bottom of his shoe. It was shown that a diligent search had been made in three counties for John Hess by the officers, but no one had ever heard of such a man and his name was on no tax roll or registry list.

Defendant swore that he had paid \$50 for the horse, saddle and bridle because he considered it a bargain.

The officers testified that no bill of sale was on him when he was arrested and he did not claim to have any.

The trial interested a large crowd in the Courtroom during the day.

The jury retired at 3 o'clock.

The jury was discharged at 9:30 last evening, having disagreed, and the case will be retried Nov. 2nd. They stood ten to two for conviction.

LYON'S ASSESSMENT.

The Clerk of the County Corrects the State Board.

DAYTON, Oct. 13, 1892.

TO THE EDITOR OF THE APPEAL:—The gentlemen comprising the State Board of Equalization have evidently made a very erroneous calculation regarding the assessment rolls of Lyon county for the years 1891 and 1892.

Mr. Vanderlath, Clerk of the Board, has stated, and it was so published in the APPEAL, that the assessment of Lyon county for the year 1892, is \$350,000 less than in 1891.

The facts are that the roll of Lyon county is \$35,894 more this year than in 1891—as equalized by the Lyon County Board of Equalization.

In the interest of justice I present a statement as compiled by the Auditor of Lyon county from the rolls of 1891-92.

Total valuation of property in 1891 as equalized by the County Board, \$1,592,775.

This includes the entire assessment of railroads made by the Assessor upon the order of the Board.

Total valuation of property in 1893 including \$7835 valuation of real estate of railroads, \$1,997,963; to which add the valuation of railroads in 1891 as equalized by the County Board, in excess of the amount assessed to them this year, making a total of \$1,524,971.

Deducting this amount from the valuation of 1891, the loss in the role of 1892 is \$67,804, caused by the burning of the Eureka Mill, which was assessed in 1891 at \$107,672, and in 1892 at \$24,974, making a loss for taxation in 1892 of \$82,698.

So, the assessment in 1892, as equalized by the County Board, leaving out the amount assessed to railroads in 1891, in excess of their assessment this year, is greater than in 1891 by \$15,894.

If deductions made by the Board of State Assessors regarding the Lyon county roll is a sample of their work on the rolls of other counties, then God help the people from a further infliction of them.

They had better pledge their legislative nominees to a repeal of this obnoxious law in the coming Legislature.

I will not say such glaring misstatements are the result of incompetence or negligence, but will assert that their work is poorly done in regards to Lyon county, and that the proposed raise of 25 per cent. on all taxable property in Lyon county is a great injustice, in view of the fact that our assessment is nearly \$16,000 in excess of last year.

HENRY WOOD,
Clerk of Lyon County.

Tonight's Social.

Tonight the ladies of St. Peter's Episcopal Guild will give their first fall social of the series. There is always a disposition on the part of the ladies to make it as pleasant and interesting for those who attend as possible, and as they have invariably done it the result is generally a large attendance.

The very best music in the city has been engaged for the occasion and the list of delicacies to be spread upon the table will be sufficient to make a sick man get up out of bed and attend just to get something good to eat. Admission has been placed at 50 cents and everybody should go. Armory Hall will be decorated for the occasion.

That Packed House.

Any one who wishes to bet \$100 that Bartine had a packed house in Reno on Tuesday evening can be accommodated at this office, provided Mr. Bartine himself is one of the committee to decide the bet.

Commercial Lunch.

There will be served during the Summer a regular commercial lunch at Anderson's lunch counter in Weiland's saloon. It will be a hot lunch with soup, beer, tea, coffee or milk, for 25 cents. It is proposed to make this the best lunch in the city for the money, and will run from 12 to 2 o'clock.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock.

ALL SORTS.

W. D. Tobey is back from below. Several bars of bullion arrived for the Mint last night.

Dr. P. T. Philips will locate permanently in this city.

Hon. H. F. Bartine will speak at the Opera House this evening.

The Red Men had a banquet at the Briggs House last evening.

Enoch Strother, who went East after the barrel, was in town yesterday.

The coolness of the evenings is the cause of a thin crowd at the depot of late.

Chas. Jones the Reno barrister was in Carson yesterday feeling the Democratic pulse.

Albert Fink a Brooklyn machinist was beheaded by cog wheels yesterday and the body was mangled into pulp.

A 17-year old boy killed his brother-in-law in Chicago yesterday because he did not treat his sister right. Bully boy.

The water in the Carson river is steadily increasing, and the Brunswick and Vivian mills are preparing to start up the latter part of the week.

San Francisco was the victim of a \$40,000 fire yesterday. It was open to the public on Bryant street and was caused by the explosion of a bad lantern.

The Columbus Day Ball to be given by the Carson Guard is beginning to attract attention and the boys can pretty safely figure ahead on a good round sum for the gymnasium fund.

One of the great drawbacks to the campaign seems to be that there are not enough cars in the county to carry silver men to public meetings, no halls large enough to hold them after they get there.

The latest development at Homestead is the arrest on warrants for high treason against the State of Pennsylvania, of the members of the advisory committee of the locked-out men. Instead of warrants of arrest, gold medals ought to be awarded them; for had it not been for their influence the Carnegie works would have been in ashes three months ago. The persecuting of these men is a confession of spite and weakness on the part of the Carnegie people, which not even the staunchest monopolist organs care to defend. Legally there is not a leg for these actions to stand on, and while the accused men may be subjected to inconvenience they certainly can have nothing to fear from a judicial investigation unless a Jeffries sits on the bench and paltrons in the jury box. Nevertheless the case with which the Carnegie pirates seem able to utilize the judicial machinery for the gratification of their grudges and the intimidation of their employees is alarming. When the impression becomes prevalent among the people that the plutocrats own the courts—look out.—Edward Bellamy.

Liberal Premiums.

The District Fair this year gave the same cash premiums as were given at the State Fair. The total amount of cash premiums awarded was \$800. No other District Fair in the State has been able to give such premiums. The District Fair this year was a success in every particular.

Pollol.

Kansas, Nebraska, South Dakota, Colorado, Wyoming, Idaho, Washington and Oregon have been carefully polled by precincts and show a large majority for Weaver and Field in each State.

Lost, Strayed or Stolen—From the Holstein ranch, a sorrel mare four years old, with white strip on face running off to left side. She has no brand, but the right fore knee is rather large. The finder, or anyone giving information leading to her recovery, will be liberally rewarded by addressing Mrs. S. E. Roberts, care of this office.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

If your watch is out of order in any way you can get it repaired at Golden's by skilled workmen from the best institutions in Europe. The work turned out in jewelry repairing is always finished in the best style and the assortment of goods has no equal anywhere in Nevada. j4tf.
